Our Services

JUBBA SECURITY COMPANY is dedicated to providing a comprehensive range of professional security services that are tailored to meet the unique needs of our clients. With our highly trained and experienced team, we are committed to delivering exceptional security solutions and maintaining the highest standards of safety and protection.

Armed, unarmed and Static guards

Jubba Security operates in an environment where physical threats to everyday people are increasing in number. Many people fall every day to acts of physical violence, with many of them involving varying types of attacks. Therefore, Jubba Security offers armed, and static security protections to our clients. Armed security guards do not just protect by responding to threats—they protect by deterring them. When criminals are faced with the clear presence of trained personnel equipped with weapons, they will feel less confident in their decision to carry out a crime.

Some high-risk and high-profile clients need the added security of armed protection. If you are in a situation where an unarmed guard is not enough, we can provide armed security guards to ensure you and your compound are kept safe.

Armored vehicle (B6 & B7), Soft Skin And Security Escort Services

Our highly trained, licensed and experienced security guards can cater for any scenario including static guarding, armoured vehicle, soft skin vehicles, and private personal protected services, our escort team are well trained to respect the international Code of Conducts during the client's movement or around the compound. Our goal is protecting the UN, International and local organizations clients so that the Humanitarian deliveries can reach their destinations without incident.

Special Event Security Guards in Kismayo

Whether you need protection at your event for an upcoming humanitarian food drive, IDP centres for a large gathering or at your office for event, Jubba Security Guard, can provide the special event security staffing you need to keep it safe you and your client

Personal Protection

The company prides itself on its experience and specialist expertise in personal protection and the personal safety of its clients. This protection covers discrete surveillance and armed bodyguard protection and is offered to high profile individuals, and directors as well as top government officials. Close Protection. Our highly trained officers protect clients, associates, and families, paying close attention to every security detail.

Armed guards

While the need to use a weapon in defense of your site is always the last resort, the presence of an armed guard may prevent violent crime from being an issue. Jubba Security Guard has fully trained armed guards that are licensed and authorized to carry firearms both Ministry of Commerce, the Ministry Internal Security and Jubba Intelligence Agency.

Some high-risk and high-profile clients need the added security of armed protection. If you are in a situation where an unarmed guard is not enough, we can provide armed security guards to ensure you and your compound are kept safe.

Recruitment And Selection

The Company's primary goal when recruiting new employees is to fill vacancies with persons who have the best available skills, abilities or experience needed to perform the work. Decisions regarding the recruitment, selection and placement of employees are made on the basis of job-related criteria. Planning ability and people skills, were done before employment.

With regards to staff recruitment and placement a company policy places, a strong emphasis on the critical employer aspect like: Job advertisement, interview, a detailed background checks and vetting process during which all employees' previous history, the recruits are approved by CID department, Jubaland Intelligence Service Agency, member of Jubaland parliament, officials and clan elders.

Undercover Investigations

Jubba Security Company Limited will infiltrate your business by entering as an employee and operating undercover to expose criminal activities within your business. Our agents are highly trained to infiltrate syndicates and groups in your work place causing companies to lose huge money. They work hand in hand with their handlers who are experienced investigators to build a primary case.

Personal Research

We are able to conduct confidential and private research on individuals. This includes criminal records; vehicle and fire arm ownership, financial records, cellular telephone and travel records, as well as surveillance operations. During our surveillance operations the client will receive daily written reports with photos depending on the client's needs and the circumstances of each case must carefully be considered.

Staff Screening

JUBBA SECURITY COMPANY offers specialized assistance to non-governmental and pre-appointment companies, focusing on meticulous analysis of previous criminal records. Our comprehensive screening services ensure reliable and informed hiring decisions, providing peace of mind and promoting a safe and trustworthy workforce for our valued clients.

Pre-deployment Support and Advice Security Risk Assessment

We offer planned and calculated Risk assessment solutions to your organization before the project/mission implementations. Security risk management planning is critical at every stage in a program lifecycle. Security planning should be conducted before deployment or starting a new program/mission. We will be presenting an action plan for you to consider. We only recommend tried and trusted systems, which have proved them in the security sector.

Operational Model

Our operational model covers mainly the following aspects:

- Scope of work within the company and at each individual site,
- Site due diligence before finalizing a service level agreement, adherence to contract terms and conditions with clients,
- Confidentiality,
- Strike action,
- Staff supervision,
- Performance evaluation and monitoring services,
- Reporting of incidents and weekly reports,
- Taking Feedback from the Clients

In order to comply with our clients' service level agreements, the company always appoints on site manager and competent supervisors responsible for all tasks and duties to be performed on site to meet clients' satisfaction. The site manager must be fully familiar with the terms and conditions of each side.

Guards and Personal Home Security

The guards are highly trained some are former military members. Guards are specifically trained and briefed for a task before commencement. Home security is treated with as much attention as that of corporate tasks, making our service very specialized.

We also offer a hands-on service meaning that we see too that only appropriately trained staffs are appointed to fulfil our client's specific needs, regarding access control, intelligence and crime prevention.

Our guards must have a good knowledge and understanding of both International Code of Conduct and the Somali Penal Code and Law act, to insure that they know what is expected of them. Our guards are proactive and able to work hand in hand with the local law enforcements.

We have successfully combined our elite guarding services with counter intelligence operations. The counter intelligence aspect prevents the coercion between security guards and your personnel.
